VISUALFORM

PRODUCT

VISUALFORM is a specially developed board for film application. This is another product with THOMASI plate-to-plate warranty.

ADVANTAGES

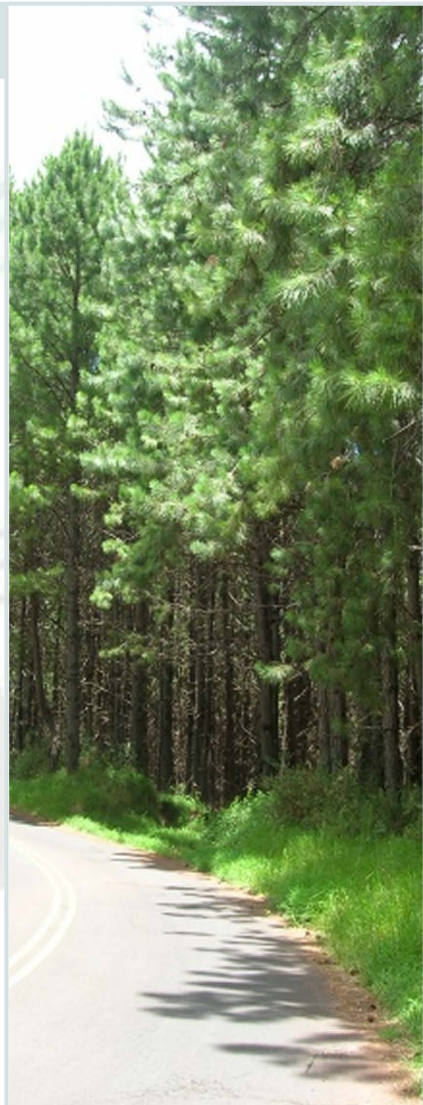

High endurance with intermittent exposure to weather and lightweight and easy-to-cut and punch properties. One of VISUALFORM major advantage is that it does not require specific treatment against wear.

USE

VISUALFORM is a specific product for any-nature signaling vanners.

MAINTENANCE

Board cleaning shall be carried out with water

MEASURES

length	width	thickness
2500mm	1225mm	12mm
2500mm	1250mm	12mm
2990mm	1220mm	12mm

ENDURANCE

A 5-year endurance under weather may be achieved if manufacturer usage specifications are followed.
